AVAILABLE THROUGH THE GENEROSITY OF:
The Broussard Family of Rebecca Farm

ADMINISTERED BY:

USEA
Endowment Trust
Ensuring the future of Eventing

2012 Rebecca Broussard Developing International Rider Grant

BRIEF HISTORY:

This grant is bestowed by the Broussard Family through the United States Eventing Association Endowment Trust in honor of the memory of Rebecca Chaney Broussard. Mrs. Broussard supported numerous international riders through both her generous financial contributions and horse ownership. Mrs. Broussard (familiarily known as “Becky”) was truly respected and admired by all who knew her, and the sport of Eventing has benefited at all levels from her extraordinary vision, involvement and loyalty.

The annual *Event at Rebecca Farm* was the fulfillment of Mrs. Broussard’s vision by creating a world-class international facility for education and competition. The year 2012 will host the 11th anniversary of the *Event at Rebecca Farm* including both national and international formats. It is only fitting that 2011 marks the inauguration of the Rebecca Broussard Developing International Rider Grant, the culmination of Becky’s dreams to create and to fund a grant with the goal to inspire, advance the skills and expand the knowledge of developing riders at the international level.

PROGRAM OUTLINE:

The Rebecca Broussard Developing International Riders Grants are designed to assist and to encourage the development of Event Riders at the highest level of the sport. These grants will be awarded to offset some of the travel and training expenses in the pursuit of achieving the qualities of an international rider. These Grants are not available to any rider that has already achieved the honor of representing United States of America at the international CCIO 3* or CCI4* Eventing competitions.

The Rebecca Broussard Developing International Rider Grant Fund has been separated into two types of grants. The first grants will be awarded to multiple riders that display the potential qualities of an international rider. These grants will be used to offset some of the travel expenses to compete at *The Event at Rebecca Farm*, held on July 11-15, 2012. From this group of competing riders and riders that did not receive the initial grant, but still qualify to compete at *The Event at Rebecca Farm CIC*, the larger grant will be awarded. This larger grant can be used to offset some of the expenses incurred to compete at international FEI events held outside of the United States.

The Rebecca Broussard Developing International Rider Grant Fund Committee has been assembled and will be tasked with evaluating applications and awarding Grants. This grant program was developed and was implemented with the warmest respect and adoration of Rebecca Broussard by the following grant committee:
Sarah Broussard Kelly, Kevin Baumgardner, Loris Henry, Beth Lendrum, Louise Leslie, Karen O’Connor, Howard Simpson, Kyra Stuart, Richard Thompson, and Jo Whitehouse.

We welcome all applications that are submitted as long as they adhere to the following guidelines:

GUIDELINES:

- 1) The *Event at Rebecca Farm* Travel Grant application must be in the USEA office on or before June 1, 2012.
The *International Rebecca Broussard* Grant application must be in the USEA office on or before November 1, 2012.
- 2) The *Event at Rebecca Farm* Travel Grants will be awarded by the Endowment Trust of USEA in honor of Rebecca Broussard by July 1, 2012.
The *International Rebecca Broussard* Grant will be awarded by the Endowment Trust of USEA in honor of Rebecca Broussard at the USEA Annual Meeting and Awards Dinner of 2012.
- 3) You must include a financial plan for your method of achieving the qualities necessary for competing at the international level of Eventing.
 - a) The Travel Grant application must be completed and include your travel financial plan towards attending and competing at the *Event at Rebecca Farm*, July 11-15, 2012 at the CIC3* level.
 - b) From the selected riders attending and competing at the *Event at Rebecca Farm*, the larger *International Rebecca Broussard* Grant applicants will be selected. These selected riders will be requested to complete a more detailed application, which will include a detailed travel plan necessary for international competition.
- 4) The Competitors under consideration for the *International Rebecca Broussard* Grant will be requested to interview with the Grant committee following the first horse inspection of the CIC3* at the *Event at Rebecca Farm*.
- 5) Once the final recipients and amounts of the *Event at Rebecca Farm* Travel Grants have been determined the monies will be awarded. The *International Rebecca Broussard* Grant funds will be released by the Endowment Trust upon 30 days of approval of receipts. It is upon good faith these funds will be used appropriately. In cases where travel to the *Event at Rebecca Farm* or an International competition are not achievable, recoverable funds shall be returned to the Endowment Trust.

CONDITIONS UNDER WHICH AN APPLICATION WILL NOT BE ACCEPTED:

1. Any application arriving after the due date.
2. Any incomplete application.

ELIGIBILITY REQUIREMENTS:

This Grant is restricted to individuals that meet the following requirements:

1. Applicants must be U.S. citizens who have successfully competed at the Advanced level of Eventing and who are in good standing with USEA/USEF.
2. Applicant must be able to document a successful competitive record.
3. Applicant must have one or more horses available to him or her for the purpose of competing that, as a combination with the applicant, have demonstrated the ability to compete at the advanced level of eventing. Applicant's horse(s) may be evaluated subject to the advice of the USEF High Performance Veterinary Panel. Applicant agrees to make his or her horse(s) available for veterinary inspection upon request.
4. Applicant must detail a program aimed at competing at a CCI3* within 18 months and CCI4* within 24 months of the *Event at Rebecca Farm*.
5. Applicant must NOT have been a representative of the USA in team competitions of eventing at the CCIO3* or CCIO4* level.
