

2020 USEA POLICIES AND GUIDELINES

FOR USEA RECOGNIZED COMPETITIONS
AND MEMBERS OF THE ASSOCIATION

2020 USEA MEMBERSHIP POLICY

1. **COMPETITOR:** A rider competing in any USEA-registered competition at any level, including the Beginner Novice level, must hold a Full, Junior, Collegiate, or Life membership and have an approved and current medical armband or bracelet. The USEA will extend a 14-day grace period for Beginner Novice level riders to join the USEA, renew their membership or to register their horses, upon the conclusion of the competition. The 14-day grace period extends to upgrade a horse from Limited to Full. Points and/or championship qualifications are not retroactive after the 14-day grace period. The USEA will consider on a case by case basis a reinstatement of qualifications for the current year championship and current year-end awards, only. A fine of \$100 will be assessed for each inquiry to consider reinstatement.

2. **COLLEGIATE PROGRAM MEMBER:** (\$25 Discount) The Affiliate College/University must submit a roster of its team members to the USEA by February 15th of each year to receive the discounted rate. The Collegiate Member receives all benefits of a full membership. Collegiate membership is only open to students whose University/College holds an Affiliate Membership with the USEA. A drop-down menu of USEA Affiliated Colleges/Universities becomes available when the collegiate member registers online with the USEA. Those not registering online, enter the name of their College/University on the membership form.

3. **AMATEUR STATUS:** For all returning USEA members, amateur status will transfer automatically to the next competition season. It is the responsibility of each competitor to inform the USEA of any changes to their status. Amateur status begins at the time it is declared and its benefits are not retroactive. A fine of \$50.00 will be assessed for each inquiry to consider activating status at an earlier date.

For the definition of amateur status, please refer to the *USEF Rules for Eventing*, Appendix 3.1.3 Amateur (A). If you are unclear about whether you qualify as an amateur or professional, please email: amateurinquiry@usef.org.

4. **ORGANIZER:** The organizer, the Chairman of the Organizing Committee of an event, must be a current Full or Life, member of the USEA.

The USEA membership requirements are waived only in the following cases:

1a. **EVENTING TESTS:** Such as but not limited to: Starter Test, Intro, Derby Cross, Coach Allowed Test (CAT), or Schooling Shows, USEA membership/non-member fee is waived for participation. For Combined Tests, USEA membership is not required for any level of a combined test, but a \$25 non-member fee must be collected. Eventing Tests, except for Future Event Horse (FEH) and Young Event Horse (YEH) classes, are exempt from the Association fees (Starter and D&M).

To use the USEA Xentry online entry system, an ID number must be created. ID numbers do not require membership and can be created by going to the USEA home page and clicking on the Login tab. Click "New User?" to create profile. Please note: This is not a membership level. You must pay to compete at the Beginner Novice and above levels.

1b. **U.S. PONY CLUB** members are exempt from USEA membership and horse registration requirements at the Novice and the Beginner Novice level, if they are participating in a Pony Club sanctioned rally being held in conjunction at a USEA recognized horse trials.

USEA HORSE REGISTRATION AND YEAR-END AWARDS POLICY

Points and/or championship qualifications are not retroactive after the 14-day grace period. If one person holds more than one position, e.g., rider and trainer, only one payment of \$45.00 is required.

2020 POLICIES FOR RECOGNIZED COMPETITIONS

The Rules for all USEA recognized competitions would be the current *US Equestrian Rules for Eventing*.

1. All events registered with the USEA must apply for licensure (modified and above) through US Equestrian in accordance with GR3. Endorsed status (training and lower) events are approved by the USEA Executive Committee; upon approval the event profile will be submitted to US Equestrian. US Equestrian will assign a competition ID#. Endorsed only competitions are required to submit a prize list directly to US Equestrian in accordance with #3 below and follow all timelines in GR-302.h.1.2.3. New events and any modifications to dates, levels and location of existing events, are subject to the USEA and USEF review process, to include, organizers, area councils, USEA Competitions, Calendar and Rules Committee, USEA Executive Committee, USEF Calendar Working Group, USEF Eventing Sport Committee, and International Disciplines Council (where applicable).

2. The organizer or the Chairman of the Organizing Committee of an event must be a current Full or Life member of the USEA.

3. The event prize list must be posted to the USEA website. The USEA Event Registration Fee is \$300.00. Competition liability insurance is included in the registration fee, meeting US Equestrian General Regulations. The registration fee and prize list are due 30 days from the opening date of the competition.

Organizers are responsible for submitting the Prize List directly to the USEF 30 days prior to the start of the competition to prizelist@usef.org. The USEA will provide the necessary material that is required under US Equestrian General Regulations.

Any event pending the USEA event registration fee will not have the prize listed posted online until the registration fee has been paid.

4. Not offer any unrecognized eventing division during the days of recognized competition.

5a. At horse trials, three-day events, CCIs, collect a starter levy fee itemized on the entry form of \$25.00 for each horse at the Beginner Novice through Advanced, including FEI levels, that start in the competition. This applies even if one or all phases of the event are cancelled once the event has commenced.

5b. Starter Fees: Competition Starter Fees are a tariff imposed by the USEA on each starter in USEA recognized competitions. Such fees are collected by the competition management on behalf of the Association. Per USEA Policy, Starter Fees are due in the USEA office within ten days after the completion of the competition. If such fees are not received within such time, competition management will be notified of the situation; when such fees are not paid within thirty days after the completion of the competition, the next competition(s) will not be posted online and may lose its status as a future USEA recognized competition until such fees are paid in full.

5c. Drugs and Medications/Endorsement Fee: The USEA has an agreement with U.S. Equestrian Federation (USEF) whereby the Beginner Novice, Novice and Training levels are covered by the rules, regulations and hearing processes of the U.S. Equestrian Federation Inc. and all levels of competition may be subject to the U.S. Equestrian Federation Drugs and Medications program.

Pursuant to that agreement, a drug fee may be imposed by the USEA on each horse in competition in lieu of the drug fee imposed by the U.S. Equestrian Federation (USEF) and is paid by the competitor with the entry. The amount of the drug fee shall be set by the USEA Board of Governors. Organizers shall collect any such fees on behalf of the organization and remit them within ten days of the completion of the competition. Failure to comply with this requirement will result in the competition losing its status as a USEA recognized competition and, the next competition (s) will not be posted online until such fees are paid in full.

2020 POLICIES FOR RECOGNIZED COMPETITIONS

6. Refund Policy for Withdrawal of an Entry Prior to the Start of Competition: After closing date, the refund policy published in the Prize List by Competition Management will apply, except that Starter Fees and the Drugs and Medication Fees shall be returned to any competitor who withdraws prior to the start of the competition, regardless of the date of the competitor's withdrawal. Refund of Starter Fees and the Drugs and Medication Fees to qualifying competitors shall be made within 30 days of the completion of the competition. USEA Starter Fees and Drug and Medication Fees are not subjected to any office fee.

7. Post Competition Report: All USEA recognized competitions must submit all documents and fees due to the USEA Office within 10 working days of the competition.

8. Adhere to pertinent USEA directives and memorandums.

9a. Agree to a pre-event inspection by the technical delegate prior to the start of the competition. The event TD may appoint a local qualified deputy to perform the pre-event inspection, although he/she will remain ultimately responsible.

9b. New Event (national only): As defined by USEA (see below), will provide a one-time only reimbursement, up to \$500 towards the technical delegate's fees and travel expenses to and from the event. The organizer is responsible for housing and meals.

NEW EVENT DEFINED AS:

1. An entirely new event, with new organizational staff and over new cross-country courses.
2. An experienced organizational staff running an event over a new competition site with all new cross-country courses. An existing event adding a new level of competition or an additional date to the calendar is not considered a new event.
3. An all new organizational staff (organizer and secretary) taking over an existing cross-country site that has not been used for two or more years.

10. Officials: The Technical Delegate, President of the Ground Jury, and Course Designer must be stated in the Prize List for each competition. A competition may not be published or posted if these officials are not named.

LEVELS OF COMPETITION

1. There is no restriction on the number of levels that may be held at any registered event. However, organizers must use their judgment and not run more divisions or accept more competitors than can be reasonably handled without adversely affecting the safety or the quality of the event.

2. The USEF Eventing Sport Committee, or the USEA Executive Committee, in cases where the event is not licensed by the Federation, reserves the right to restrict the number of levels and/or competitors at any registered event, if this is deemed necessary in the interest of the sport.

Each competitor's scores from both tests are added together to determine the result. Riders may compete with more than one horse in a combined test.

If a cross-country phase is offered, horse and rider qualifications shall be the same as the qualifications to compete in a horse trial of the same level. There are no set qualifications if the combined test consists of the dressage and show jumping phases

The number of placing's which receive points shall be based upon the total number of starters in the division. For every additional 4 starters above 39, one more level of placing's shall be awarded points equal to 10th place points.

Where there are less than 10 starters in a division of a horse trial/CCI-S, CCI-L or National Three-day Events, the points will be awarded at the next lower level. In the case of this occurring in a training, novice and beginner novice division, the points will be halved (including N3D/BN3D Eventing Tests).
