ABOUT THE USEA

The USEA is a non-profit 501 C (3), which serves as the national association for the Olympic equestrian sport of three-day eventing. We are an educational organization committed to providing eventing enthusiasts with a competitive level suited to their individual skills. By assisting and educating competitors, event organizers and officials; maintaining responsible safety standards; and registering qualified competitions and clinics, the USEA offers a strong and continuous training opportunity for an ever-expanding field of world-class competitors. Just as importantly, the USEA provides a means for all riders, regardless of age or ability, to experience the thrill of eventing

OUR MISSION

The mission of the USEA is to advance the sport of eventing through education of riders, trainers, officials, and organizers, with the health and well-being of the horse of paramount importance. The Association, through the direction of the Board of Governors, continues to strive to make the sport of eventing safe, fun, fair, and affordable to all who join our ranks. The USEA strives to provide riders from Beginner Novice to the five-star level with an exceptional eventing experience.

Held over one, two, or three days, eventing is one of the few Olympic sports where men and women compete alongside one another as equals.

What Is Eventing?

Eventing is best described as an equestrian triathlon. The sport originated as a cavalry test and is comprised of three phases: dressage, cross-country, and show jumping.

Dressage shows the graceful partnership of horse and rider through a sequence of movements on the flat, receiving marks from judges.

Cross-Country challenges the pair's bravery, fitness, and determination as they navigate a timed course with a series of solid obstacles and varied terrain.

Show Jumping tests a pair's precision as they clear a course of delicate fences, incurring penalties for knocked/fallen rails.

USEA COACHES AND EDUCATION

USEA EVENTING COACHES PROGRAM

The USEA Eventing Coaches Program (ECP), formerly known as the Instructors' Certification Program (ICP) educates all levels of eventing instructors and coaches to confirm their knowledge base, both theoretical and practical, which they will build upon through their careers. The USEA hosts workshops to train coaches, and keeps a database of all certified coaches for all riders, students, competitors to utilize, knowing they have an accredited coach. The USEA offers customized packages for partners in order to market both to coaches, and for coaches.

USEA EDUCATIONAL SYMPOSIUM

The USEA hosts an annual educational symposium in Florida each February. Hundreds of spectators gather each year to learn, observe, and ask questions. The symposium is a great place to reach trainers, students, breeders, owners and professional riders, all in one week. On-site branding is available, as well as speaking opportunities in front of a captivated audience.

Interested In Learning More?

The USEA may customize packages based on your company's marketing goals. We can position your company in front of the right audience and optimize on-site offerings as well as advertising and media benefits.
