ABOUT THE USEA

The United States Eventing Association (USEA) is a non-profit 501(c)(3) educational organization committed to providing eventing enthusiasts with a competitive level suited to their individual skills. By assisting and educating competitors, event organizers, and officials; maintaining responsible safety standards; and registering qualified competitions and clinics, the USEA offers strong and continuous training opportunities for an ever-expanding field of world-class competitors. Just as importantly, the USEA provides a means for all riders, regardless of age or ability, to experience the thrill of eventing.

ABOUT EVENTING

Eventing is often described as a “horse triathlon.” It is a three-phase equestrian sport designed to test the training, ability, and strength of a horse, as well as the connection between horse and rider. From its roots as a comprehensive test of military horses, eventing has since evolved into a modern sport enjoyed by amateurs of all ages as well as professional riders at the Olympic and international levels.

The USEA now recognizes eight levels of competition in the United States: Starter, Beginner Novice, Novice, Training, Modified, Preliminary, Intermediate, and Advanced.

The **dressage** phase begins every eventing competition. Originally designed to show the military horse’s ability to perform intricate movements on the parade route and in formation, today the dressage test comprises a series of complicated movements performed in an enclosed arena. The second phase is **cross-country** and the object of this phase is to test the horse’s speed, endurance, and jumping ability over varied terrain and obstacles. The **show jumping** competition ends the event. The course is comprised of a series of colorfully painted fences made up of lightweight rails that are easily knocked down.

This quarterly four-color glossy magazine has been published for over 60 years by the USEA and is the only publication of its kind – dedicated to the Olympic sport of eventing and delivering entertaining and educational content to our nearly 13,000 members. Each issue is full of feature content covering recent events, topics from breeding and young horse training, how to ride that winning dressage test, and advice from the best professionals in their respective fields.

Eventing USA won first place in the General Excellence Association Publication (circulation under 15,000) category at the American Horse Publication (AHP) Equine Media Awards.

Held since 1975, the annual AHP Equine Media Awards competition recognizes standards in journalistic integrity for informative and engaging content in a variety of media categories.
